

Celebrating 40 Years Of Providing Solutions That Take Flight

Press Release

March 2016

INTELCAN COMMISSIONS PSR/MSSR SYSTEM IN POLAND

Intelcan has commissioned the colocated SKYSURV Primary Surveillance Radar (PSR) and SKYSURV Monopulse Secondary Surveillance Radar (MSSR) at Krakow international airport in Poland.

This contract also includes a second set of colocated radars to be installed at the Warsaw international Airport – currently in the final stages of installation.

The radars will be integrated with the National Air Traffic Management System as part of an effort to assist the Polish Air Navigation Services Agency (PANSNA) with solutions to the challenge of air traffic growth in the region.

ABOUT INTELCAN

Intelcan is a Canadian CNS/ATM and Airport Infrastructure company that provides solutions for its customers to achieve the highest standard of safety and efficiency in aviation and airspace operations. Integrating Intelcan's own SKY-Suite, products or utilizing those from a diverse supplier network, Intelcan delivers cost-effective solutions, worldwide. Headquartered in Ottawa, Canada since its establishment in 1973, Intelcan has expanded globally to efficiently reach its vast client base and secure full life-cycle support.
