

INTELCAN OPENS ATC TRAINING FACILITY IN MONTREAL, CANADA

Intelcan is expanding its R&D centre and manufacturing plant in Montreal, Canada, adding 6000 square feet. In addition to this space, another 4000 square feet will be allocated to the launch of Intelcan's ATC Training School, which will offer ATC and Technical courses to the staff of Civil Aviation Authorities. This state of the art training facility, combined with experienced Instructors and comprehensive services, will offer optimal conditions needed for an effective learning environment. Courses to be offered include the following:

1. ICAO 056 Area Control (Surveillance)
2. ICAO 055 Area Control (Procedural)
3. ICAO 054 Approach Control (Surveillance)
4. ICAO 053 Approach Control (Procedural)
5. ICAO 052 Aerodrome Control (Instrument)
6. ICAO 052 Aerodrome Control (Visual)
7. ICAO 051 Air Traffic Control Basic Course (Phase 1)
8. Digital and Network Communication Basics
9. Radar surveillance Basics
10. Nav aids Basics
11. AMHS Principles
12. AIS and AIM Principles
13. Operating Systems Basics

Intelcan President and CEO Georges Ata states: "With the addition of the training Centre, Intelcan is offering a unique one stop shop for civil aviation and airport authorities. Intelcan can take care of the airport infrastructure needs, will offer turnkey CNS/ATM systems and solutions, and will train, certify and assist the Air Traffic Controllers and the Technical Engineering Staff."

Intelcan is now actively recruiting air traffic controllers, engineers and technicians. Please visit our website at www.intelcan.com for more information and how to apply.

ABOUT INTELCAN

Intelcan Technosystems Inc. is a Canadian CNS/ATM and Airport Infrastructure solution provider. Integrating Intelcan's own products or utilizing those from a diverse supplier network, Intelcan has delivered complete and cost-effective solutions to fulfil client requirements in over 60 countries. Intelcan delivers airport infrastructure solutions which range from the construction of air traffic control towers to complete airport implementation. Headquartered in Ottawa Canada since its establishment in 1973 Intelcan has expanded into South Africa, France, Spain, Korea, Cyprus, Bulgaria, Cuba and a research and development facility in Montreal, Canada. All Intelcan's solutions meet and exceed Eurocontrol and ICAO regulations and are developed under ISO 9001:2008 quality management procedures.
