INTELCAN ANNOUNCES CHANGES TO EXECUTIVE MANAGEMENT TEAM

Intelcan, a Canadian leader in CNS/ATM products and systems, announced changes to its executive management team that will propel Intelcan into its next stage of evolution and long term success.

Michael Lang, Intelcan's Chief Operating Officer (COO) and Vice President of Operations has been appointed as the President and Chief Executive Officer of Intelcan.

A graduate of Cornell University, USA, with a Master's Degree in Engineering, Lang has considerable experience through various positions within the aviation and associated industries. He joined Intelcan in 2012.

As the COO of Intelcan, Michael Lang restructured Intelcan's Operations Department into cohesive Project Management, Engineering, R&D and Manufacturing groups, thus elevating this department into a well-designed organization with refined efficiency and higher quality execution.

"It's been a privilege for me to have led Operations as we have positioned ourselves for the next level of profitable growth. The Intelcan team is an incredibly talented group of dedicated professionals and I look forward to leading our dynamic company in the next chapters of our success," Lang said.

In an additional management change, Intelcan announced the appointment of Paulina Yee and Michael Lang to the Board of Directors. Paulina Yee is Intelcan's Chief Financial Officer and VP of Finance who joined the corporation in 2006.

ABOUT INTELCAN

Intelcan Technosystems Inc. is Canada's leading CNS/ATM solution provider. Whether integrating Intelcan's own products or utilizing products from a diverse supplier network, Intelcan delivers complete, cost-effective Air Traffic Control solutions worldwide.
