

Intelcan Adds Third MSSR/PSR System to Existing Contract in Central Africa

Intelcan's contract for its existing project in Central Africa has been expanded, adding another MSSR/PSR system.

This project which Intelcan was awarded in 2008 now covers five sites:

- Two Airports, where Intelcan is already providing its SKYCONTROL ATM, SKYSURV PSR, SKYCOM AMHS, SKYSYNC GPS Clock, recorders, VCCS, mobile and fixed radio systems, AWOS, VSAT and consoles
- 3 radar sites to contain Intelcan's SKYSURV MSSR/PSR systems.

About Intelcan Technosystems Inc

Intelcan Technosystems Inc. is a Canadian CNS/ATM and Airport Infrastructure solution provider. Integrating Intelcan's own surveillance, ATM and communication products or utilizing products from a diverse supplier network, Intelcan has delivered complete turnkey solutions, both cost-effective and flexible, to fulfill client requirements in over 60 countries, worldwide. Intelcan delivers airport infrastructure solutions with its in-house architectural and civil engineering teams - design-build projects range from the construction of air traffic control towers to complex airport design from green fields.

Headquartered in Ottawa Canada since its establishment in 1973, Intelcan has offices in Korea, France, Cyprus, Bulgaria, Cuba, South Africa and Romania. All Intelcan's solutions meet and exceed Eurocontrol and ICAO regulations and are developed under ISO 9001:2000 quality management procedures.
